What is Ayurveda?

Ayurveda, a natural system of medicine, originated in India more than 3,000 years ago.

AYURVEDA

AYURVEDA IS A SANSKRIT WORD THAT MEANS
“THE SCIENCE OF LIFE”

1 According to Ayurveda each person is unique, a combination of physical, mental and emotional characteristics which is his or her constitution. Many factors, both internal and external, can affect this constitution.

2 Ayurveda is based on a time-tested ancient tradition of knowledge from at least 5,000 years ago. “Ayur” means Life, and “Veda” means knowledge or Science – so Ayurveda is the knowledge or the Science of Life.

HERBAL SUPPLEMENTS

Herbal supplements are products derived from plants and their oils, roots, seeds, berries or flowers. Herbal supplements have been used for many centuries. They are believed to have healing properties.

Before 2019, nobody really cared about improving their immunity. But things have changed highly, after the Covid spread. Immunity has become the front and centre of everything we do. From our food choices to taking immunity supplements. The partially hydrogenated vegetable oils that are used in preparing fast food are the largest source of trans fats. These oils last long and are also economical. The ingredients used in this immunity booster drink possess anti-inflammatory and antimicrobial properties.

K-eWRIST BAND

A BAND FOR HEALTHY LIFESTYLE

With the hectic lifestyle in the modern days, it is not easy for us to maintain a healthy lifestyle. We are exposed to various unwanted pollutants. Such environment causes the existence of free radicals on our whole body. Free radicals are positively charged ions which can cause fatigue and premature ageing. Free radicals can be avoided by using products which can neutralize the positive ions.

WHAT ARE THE BENEFITS OF K-eWRIST BAND?

K-eWrist BAND IS A HIGH TECHNOLOGY PRODUCT THAT HELPS TO:

Improves blood circulation • Improves body health • Alleviates discomfort
Prevents fatigue • Increases physical flexibility

THE MAIN COMPOSITIONS OF K-EWRIST BAND AND HOW THEY HELP US

NEGATIVE IONS

It helps to neutralize positive ions (free radicals) in the body which cause pain and fatigue. It also helps to reduce the viscosity of blood by separating the clustered red blood cells to increase oxygen supply, eliminating stress and alleviating tensions and anxiety. It is good in helping to stabilize the autonomic nervous system by balancing activities of sympathetic and parasympathetic nerves.

FAR INFRARED RAYS

It produces "resonance effect" in the body to enhance the metabolism of the body & improve blood circulation.

WHAT IS "RESONANCE EFFECT"?

Water and organic substances absorb energy easily from Far Infrared Rays (FIR). FIR absorbs easily into our body and simultaneously, activates the water molecules in the body. The active molecules increase blood circulation and helps to enhance the body metabolism.
